

AZEEM UR REHMAN

✉ azeemurrehman68@gmail.com | ☎ 9528061398 | 📍 Budaun

EXPERIENCE

Vitsoft Solutions Pvt. Ltd. | Junior Frontend Developer
July 2024 – Oct 2024 | Bareilly

- Assisted in building responsive web interfaces using **HTML, CSS, and JavaScript**, focusing on usability and accessibility.
- Gained practical exposure to the software development lifecycle and **agile development** methodologies.
- Actively contributed to small-scale projects, honing **technical skills** and improving code quality through regular feedback.

Welga Foods Ltd. | Operations Executive Intern
Aug 2023 – Apr 2024 | Budaun

- Supported **daily operations**, ensuring smooth workflow and efficient coordination between teams.
- Assisted in **inventory management**, tracking **stock levels**, and ensuring timely restocking to meet production demands.
- Collaborated with the operations team to streamline processes, reducing delays and improving overall efficiency.
- Developed **communication** and organizational skills by **managing** schedules and maintaining detailed records.

PROJECTS

1. Islamic App (TaqwaHub) | Sept 2024

- Built a **tasbeeh counter** with **prayer times** and **ayah audio**.
- Integrated dynamic data fetching for **location**-specific updates.
- Include a feature to find nearby mosques using GPS, along with **directions, prayer schedules**, and reviews.
- <https://azeem989.github.io/Taqwahub>

2. QR Code Product Manager | Oct 2024

- Created a system for generating product QR codes to display details like **name, price**, and **ID**.
- Integrated **scanning** functionality for automated **checkout** and **receipt generation**.

3. Portfolio – AzeemFolio | Oct 2024

- <https://azeem989.github.io/My-Portfolio-AzeemFolio>

PROFILE

Recent biotechnology graduate. After completing my biotech degree, I realized my growing passion for technology and design. I dedicated myself to learning **front-end** development through online platforms, hands-on projects, and creating real-world applications. This journey has equipped me with technical skills like **HTML, CSS, JavaScript**, and **React**, which I've applied to build responsive and user-friendly websites."

EDUCATION

IILM COLLEGE OF ENGG. TECHNOLOGY

BACHELOR OF TECHNOLOGY, (BIOTECHNOLOGY)
2019 – 2023 | Greater Noida, Uttar Pradesh

SKILLS

LANGUAGES & FRAMEWORKS

• HTML5 • CSS • Javascript • ReactJS • Bootstrap
• TailwindCSS • Redux • Context API

DATABASE & TOOLS

• SQL • MySQL • Postman

VERSION CONTROL

• Git • GitHub

OTHER SKILLS

• Problem-Solving • Agile methodology

CERTIFICATIONS

- MySQL(Basic)** : Hacker Rank
- MySQL(Advance)** : Hacker Rank
- Javascript** : Hacker Rank & Leetcode
- ReactJs** : Udemy

ACHIEVEMENTS

• **SQL : 45/58 SQL questions** on HackerRank, earning a **5 star badge**.
